

Cheerful Charm

UPSTAIRS GUEST ROOM

SUSAN CURRIE, SUSAN CURRIE DESIGN

Designer Susan Currie envisioned guests arriving for a summer getaway and throwing open the balcony doors. "I wanted to make a space that was a cheerful guest room for someone to enjoy the mountain view," she says. Inspired by Palm Beach Regency style, she draped the bed wall in pink and green. Thibaut's Honshu print, a current take on chinoiserie, pops up again as the duvet. "I loved using bright colors and vintage furnishings, mixed white textiles and furniture to balance my use of bold colors," she says.
